

ABEVA BRIEF

Published for Arizona Biltmore Residents Only

July 2017

ABEVA Mission Statement

ABEVA pledges aggressive leadership to nourish and enhance our Biltmore Lifestyle by preserving and protecting the ambience and environment, and by maintaining standards which benefit all members of ABEVA.

ABEVA is not affiliated with Biltmore Lifestyles magazine and does not necessarily endorse or recommend any of its content or advertisers.

FROM THE ABEVA OFFICE

THE ABEVA OFFICE LOCATION will remain at 2525 East Arizona Biltmore Circle for another six years. The Lease terms provide for the landlord to install a Level 2 Charging Station for the electric vehicles that the Roving Patrol Officers drive. The Lease rate is competitive with other buildings in the Biltmore area, and by staying at the current location, ABEVA will not incur the cost of moving.

LANDSCAPE BIDS will be due next month. In the continuing effort to curtail costs, the ABEVA landscape contract will be revised and vetted landscape contractors will receive RFPs. ABEVA strives to maintain a lush landscape with minimal water and maintenance needs.

GOVERNING DOCUMENTS of the Arizona Biltmore Estates Village Association (ABEVA) are given to homeowners when they purchase their home. If you cannot find your documents, the easiest way to access them is through the ABEVA website.

PLEASE VISIT the website: WWW.ABEVA.COM New information is always being adding. Please let us know if there is something you would like to see on the ABEVA website.

AS AN ABEVA MEMBER you are welcome to attend the monthly ABEVA Board meetings. If you want to speak or present to the ABEVA Board, you must submit your request in writing to be added to the agenda. Send your request to abevaoffice@abeva.com.

The next Board Meeting will be August 21st, 2017. There will be no Meeting in July. ❖

SECURITY

THE RESPONSIBILITY FOR SECURITY BEGINS WITH EACH RESIDENT. MOST CRIMES ARE CRIMES OF OPPORTUNITY.

IF YOU HAVE A SECURITY SYSTEM AND DO NOT TURN IT ON, THEN YOU DO NOT HAVE A SECURITY SYSTEM.

Should you see anything suspicious, please call 911 or Phoenix Crime Stop at 602-262-6151 and then notify the ABEVA Roving Patrol of the incident at 602-369-4776. For your safety, please have these numbers programmed in your home and cell phones. ❖

Telephone Scams

By Officer Ben Carro, Community Action Officer,
Mountain View Precinct

With an uptick in construction related complaints, I wanted to bring your attention to a useful resource. The following link can be followed to verify the permits issued by the city on construction projects.

<https://apps-secure.phoenix.gov/PDD/Search/Permits>

Currently, construction is permitted between 6:00 a.m. and 7:00 p.m. Monday thru Friday. (Please check with your HOA Community Manager to verify your associations construction restrictions and hours.) Weekend and holiday work needs to have prior approval from the city and must be permitted by an extended work hours permit. Prior to calling the police please consider a quick search of the property in question.

I have been notified of a telephone scam where an unidentified woman calls elderly residents claiming to be a representative of the Maricopa County Sheriff's Office. The premise of the call accuses the citizen of missing a court date and requires the citizen to arrange a meeting with a "supervisor." I contacted the telephone number provided to me from the citizen, and a woman answered "Sheriff's Office," a brief conversation about who I was and why I was calling took place. The woman used common terms in law enforcement. When I questioned her the woman abruptly hung up on me and never answered my calls again.

I reported the incident to the Maricopa County Sheriff's Office who seemed to be aware of the issue and took the phone number for their investigation.

If you receive a phone call of this specific nature, please report the incident and any details to MCSO and the Attorney General's Office. Please use caution when being solicited over the telephone or internet. ❖

The Arizona Monsoon

Arizona's monsoon season officially begins on June 15th and ends September 30th every year. The start and end of the season used to be based on the dew point, but the National Weather Service has opted to make the season more uniform.

New residents of Arizona need to know a few things about our area's unusual weather patterns and how to stay safe during this time of year when conditions can change very quickly. Longtime residents can always use a refresher course.

Please check the following tips to help keep you safe during our potentially dangerous stormy season!

Monsoon safety

The Phoenix Fire Department has put together tips to help your family stay safe when a big storm hits.

Outdoors:

Lightning is attracted to metal and water and often strike the tallest objects.

YOU ARE IN A STRIKE ZONE IF YOU HEAR THUNDER FIVE SECONDS OR LESS AFTER YOU SEE LIGHTNING!

- Stay away from wide, open areas such as fields and golf courses.

- Stay off hilltops and other high points of land.
- Don't stand near trees or tall poles
- Get at least 7 feet away from tall objects
- Avoid metal objects such as golf carts and clubs, lawn mowers and pipes.
- Get to the lowest point of ground you can, and kneel or squat to minimize your contact points with the ground.
- Do not lie flat. This will make you a bigger target.
- Don't huddle with others. Spread out at least 15 feet apart.
- Remove golf shoes or steel-toed boots.
- If you're out on the water, get to land.
- If you're in a pool, get out.

Downed power lines:

- Stay at least 100 feet away
- If the power line has fallen on your car while you're in it, don't touch anything metal in the car, and stay inside until professional help arrives.
- Never try to help someone trapped by a power line. You endanger your own safety. Instead, call 911 immediately.

Indoor safety:

- Stay away from windows during strong winds. Tree limbs and other objects can be a hazard.
- Electrical wiring attracts lightning. Don't use your land-line telephone, except for emergencies.
- Lighting can move through a home's plumbing, attracted to the metal or water. Don't use sinks and showers.
- Unplug computers, TVs and other delicate electronic equipment. Consider attaching surge protectors to such equipment.

Driving safety:

In dust:

- Don't enter a dust storm if you can avoid it.
- Turn headlights on and drive a slow and prudent speed.
- If you pull off the road, get as far to the right as possible. Turn off the car and headlights, and set the parking brake. Keep your foot off the brake pedal – other drivers may think you're a car is moving.

In rain:

- Rain reduces traction and causes streets to be slippery. Slow your speed accordingly.
- Water on roads may be deeper than it looks. Watch for vehicles traveling too fast. They can throw up blinding sheets of water.
- Don't cross rain-swollen washes. You can be caught in a flash flood that can sweep you and your vehicle away.
- Pay attention to hazard signs and roadblocks. Ignoring them threatens life and property, and can result in enforcement action by police.

Stuck in a wash: It is possible to lose control of a vehicle in 6 inches of water. Most vehicles will begin to float in 2 feet of water.

- If you have a phone, call 911.
- If you can, climb onto the roof and wait to be rescued.
- If the water is still low and you can wade to safety, do so, but beware of floating debris ❖
