FROM THE ABEVA OFFICE

Board Meeting

There was no Board Meeting in July. The next Board of Directors meeting is August 21st, 2017.

Be a Water Saver ~ Not a Water Spender

Be a good neighbor and please watch your sprinklers! It is wasteful and costs you money when you let your water run into the street. Leaks from broken sprinkler heads or timers set for too long create overflow and runoff that cause erosion damage to the street by breaking down the pavement and causing potholes due to chronic wastefulness. It also interferes with pedestrian and automobile traffic.

Please visit www.phoenix.gov/waterservices for more tips and information.

Did You Know? ~ City of Phoenix Fun Facts

Phoenix was incorporated in 1881 with a population of approximately 2,500. The population of Phoenix in 2017 is forecasted to be 1.612 Million. With 519.6 square miles, Phoenix is larger than Los Angeles. It is the fifth largest city in the country and the largest capital city in terms of population. Greater Phoenix (which includes, among others, the cities of Chandler, Glendale, Scottsdale, Mesa and Tempe) has a population of nearly 4.5 million and covers 2,000 square miles. Maricopa County—where Greater Phoenix is located—covers 9,266 square miles, making it about the size of New Hampshire.

June 2017 will go down as the third warmest month on record and tie the record for, lack of rain; there was no rain in June. The annual average temperature in Phoenix is 74.2 degrees, and the average annual rainfall is 7.66 inches with 334 days of sunshine, so ENJOY your awesome city! ❖
